The first Mrs. Greshelmer (nee Mc-Cauley) declared that she met Greshelmer at Atlantic City while she was in bathing. He called on her in her New York apartment, and finally persuaded her to go to New Jersey and be married before a justice of the peace.

This was in August, 1907. .

Rise in Price of Cotton Bagging to Be Washington, July 18.—The Senate today by unanimous consent passed the
resolution introduced by Senator Smith,
of South Carolina, directing the Department of Commerce to investigate the
rise in price of cotton bagging.
Senator Smith charged that the
manufacturer of cotton bagging had
gotten into the hands of a trust, which
recently had advanced the price 2 cents
a yard. This would net the manufacturers \$1,600,000, he said.
Senator Smoot insisted that it was

Senator Bacon said he hoped the Department of Justice would take cognizance of the statements that a trust existed in this industry, and would act "pretty quickly" in the matter.

WINE SOILS A CHURCH NICHE.

Sixty Years in Corner-Stone, Having Burst on a Bible.

Hamburg, Pa., July 18.—A bottle of wine, which was among the treasures stowed away in the corner-stone of the old Bethany Methods Church here sixty years ago, had to go and burst, probably the very first winter the carter, and make a muss.

With the wine in the corner-stone, which has just been opened, preparatory to the crection of a new editice, were a prayer-book and Bible, which were saily soliced by the popping of the frozen wine—and nobody knew it until the treasures, including coins and old newspapers were taken from their crimson resting-place to make away for the march of religious progress.

The jurors are of opinion that strict enforcement of the law would go a long ways towards remedy-ing the trouble, and probably a report will be made to the court on the sub-

There is no question of the fact that there are many idlers in the city, both white and colored, who have no visible means of support, and that they congregate in such numbers in some places as to cause nuisances. Members of the grand jury, as well as witnesses, gave information of this fact. The result of the jury's investigation may be the sending of vagrants to the pub-
